Miami meets Milano – International Art Exhibition

**TESTO DEL SINDACO DI MIAMI
DOTT. PHILIP LEVINE**

The "*Miami meets Milano - International Art Exhibition*" is an opportunity for our city to witness the creativity and magnificence of the Italian contemporary art scene.

Some of the great works of artists such as Jose Dali, Pirandello, Guttuso, and Salvatore Fiume will be exhibited, making this a pioneering event for Miami Beach.

As a champion of the exchange of ideas and cultures, I welcome the "*Miami meets Milano - International Art Exhibition*" to the City of Miami Beach and hope that our two cities forge a lasting partnership in the name of art.
